- Urdu (Fluent)

PROFILE

A dedicated software developer with a strong background in backend development for mobile applications and full-stack web development. Proficient in PHP Laravel for backend services, Node.js for real-time web socket communication, and experienced in frontend technologies including JavaScript, jQuery, React, and Vue. Continuously expanding technical skills and staying up-to-date with industry advancements to deliver efficient, scalable, and high-quality solutions. Adept at solving complex challenges and contributing to the full software development lifecycle. Committed to driving innovation through a blend of technical expertise and ongoing learning.

WORK EXPERIENCE

Absolutely Digital

JAN 2024 -
PRESENT

Software Developer

- Working across multiple complex products, providing full-stack development expertise with PHP Laravel, Node.js, and frontend technologies.
- Designed scalable backend architectures and real-time web socket solutions for mission-critical applications.
- Continuously improving backend services for mobile applications, ensuring optimal performance and user satisfaction.

Binate Digitals

Dec 2022 - Jan
2024

Software Engineer

- Delivered robust backend services for both web and mobile applications, utilizing PHP Laravel and Node.js.
- Enhanced web socket integration to support real-time data exchange across multiple platforms.
- Collaborated with mobile development teams to ensure seamless backend integration and API performance.

ITSEC PVT LTD

Nov 2021 - Dec
2022

Backend Developer

- Extended PHP backend capabilities while integrating and managing WordPress sites for multiple clients.
- Customized WordPress plugins and themes to meet client-specific requirements, ensuring seamless user experiences.
- Streamlined backend processes to enhance site performance and security, reducing load times and vulnerabilities.
- Led backend development using PHP Laravel and integrated Node.js web socket services for real-time communication.
- Developed dynamic, user-friendly frontends using JavaScript and jQuery, improving UI/UX responsiveness.
- Engineered RESTful services and APIs for high-volume web applications, ensuring scalability and security.

SilverTech Solutions

Aug 2020- Nov
2021

Php/Laravel Developer

- Developed and maintained scalable web applications using PHP Laravel, improving performance and functionality.
- Collaborated with cross-functional teams to deliver client-focused solutions, ensuring high standards of code quality.
- Implemented RESTful APIs and optimized database queries to enhance overall system efficiency.
